

Quiz 11: Uniform Cost Search

Quiz 11: Uniform Cost Search

1/1 point (ungraded)

Which solution would uniform cost search find if run on the graph shown below?

Assume that ties are broken alphabetically. For example, a partial plan $S \rightarrow X \rightarrow A$ would be expanded before $S \rightarrow X \rightarrow B$; similarly, $S \rightarrow A \rightarrow Z$ would be expanded before $S \rightarrow B \rightarrow A$.

☒ $S \rightarrow A \rightarrow B \rightarrow G$ ✓

☐ $S \rightarrow A \rightarrow B \rightarrow C \rightarrow G$

☐ $S \rightarrow D \rightarrow G$

Submit

✓ Correct (1/1 point)
